

Outreach & Partnerships Volunteer Role Profile

Name: Outreach & Partnerships Volunteer

Hourly commitment: 3-4 hours per week approx.

Learning By Heart is an initiative with 2 principal goals: to provide children and adults in the UK with accessible educational support, while in turn helping to widen access to education for young people across the world.

We provide online classes in a wide range of subjects, run by volunteer tutors, in exchange for pay-as-you-feel donations to educational charities. Classes are delivered remotely using videoconferencing platforms, so we are able to reach pupils all over the country. Currently, our profits are split 50/50 between [CAMFED](#) (the Campaign for Female Education), who work to increase the accessibility of and revolutionise girls' education in Sub-Saharan Africa, and [ECW](#) (Education Cannot Wait), who tackle education provision in humanitarian crises.

Learning By Heart is currently run by a management team of 4 volunteers. However, as the organisation grows and the responsibilities increase, we are looking to expand the team. We are looking for a new enthusiastic and reliable HR Volunteer to support the expansion and development of the Learning By Heart team, building and maintaining a skilled and supportive network of volunteers.

It is important to gain partnerships and work in collaboration with other organisations in order to help LBH grow. In this role, you will be responsible for developing and maintaining relationships with new and existing stakeholders, working closely with the rest of the LBH management team.

Role responsibilities

- Develop and manage relationships with external partners, businesses and networks, which may include:
 - 'Spin-off' projects in which corporate CSR department, universities or other organisations provide volunteer tutors
 - Provision of group language classes in exchange for donations
 - Asking for publicity on their website/social media/newspapers etc.
 - Any other nature of partnership which you may see fit

- Build relationships with local and national media outlets including press, radio and digital, to build brand awareness and facilitate growth of the project.

The role and its responsibilities will evolve as the organisation grows. This is a very flexible role and most activities can be completed whenever you have the time making it a perfect volunteer role alongside other commitments.
